Test Case #	Test Case Description	Test Steps	Expected Result
	Prerequisite: User is at a page where a yellow "Create" button is available in the navigation bar		
1	Create an art post	1. Click on the yellow "Create" button 2. Fill up the form 3. Click on "Submit" button	User would be redirected to gallery page where their created art post would appear.
	Prerequisite: User is at the gallery page		
2	Edit an art post	1. Click on an art post to be edited 2. Click on the dropdown represented by an ellipses icon located directly under the art post 3. Click on "Edit art" 4. Edit the fields in the popup 5. Click on "Update" button	User would be redirected to the art post with the changes they made reflected.

	Prerequisite: User is at the gallery page		
3	Delete an art post	1. Click on an art post to be deleted 2. Click on the dropdown represented by an ellipses icon located directly under the art post 3. Click on "Delete art" 4. Click on the "Delete" button in the popup	User would be redirected to gallery page where the deleted art is no longer to be found.
	Prerequisite: User is at the gallery page		
4	Create review for an art post	1. Click on an art post which user wishes to add review for 2. Fill up the form located right above the "Reviews" section 3. Click on "Post" button	User should see their review appear in the review section
	Prerequisite: User is at a particular art post		
5	Edit review for an art post	1. Click on the dropdown represented by an ellipses icon in the review that user wishes to edit 2. Click on "Edit review" 3. Update the form with changes 4. Click on "Save Changes"	Edit review popup box should disappear and user should see their edited review in the review section

	Prerequisite: User is at a particular art post		
6	Delete review for an art post	1. Click on the dropdown represented by an ellipses icon in the review that user wishes to delete 2. Click on "Delete review" 3. Click on the "Delete" button in the popup	User would be redirected to the art post where the deleted review is no longer to be found.
	Prerequisite: User is at any page with forms		
7	Submitting an incomplete form	1. Submit, post or edit an art post or review while leaving some fields empty	An alert message should popup, prompting user to complete the form.
	Prerequisite: Search bar is available in the navigation bar		
8	Searching using the search bar	1. Type the name of an art or artist 2. Click on the search button	User would be redirected to the gallery if they are not already there and should only see the results that match their search. If no results fulfil the search criteria, no results would be displayed.

		Prerequisite: User is either at the gallery page or at the search filter page accessed via the side menu in the navigation bar		
9	Filtering search results	1. Select "Digital" in the dropdown. 2. Select "Animal" and "Nature" in the checkbox. 3. Click on "Apply filter" button	User would be redirected to the gallery if they are not already there and should see all the results that contain the "digital", "animal", and "nature" tags. If no data meets the filtering criteria, no results would be displayed.
		Prerequisite: User is at the gallery page		
10	Sorting search results (e.g. sorting by most recent)	1. Click on the dropdown selection for "Sorted by" and select "Most Liked"	The gallery would sort the art posts starting from the art post with most likes.
